Tales Of The 'Chu.....2: A Psy Discovery

Here we go! The sequel you've all been waiting for! Tales of the 'Chu.....2!

Alex had a very hard time convinsing his Mum to let him go off on his pokÃ©mon journey. His mother wouldn't believe him about the pokemon. Even when he showed her his pokemon she still wouldn't let him. So he returned all his pokemon, except for Abra, and before he had commanded Abra to do anything, it had already used Hypnosis on his Mother, Keeley(that's my real Mum's name. Mine's Alex Lesser), and she immediately let him off the hook.

"Huh?" Exclaimed Alex "that's weird! How'd you do that Abra?" Alex said it as if he didn't expected an answer from the pokemon, but he heard Abra's voice saying loud and clear:

"I read your mind, you told me to. You may not realize it, but you have a strong source of Psychic power in you." He heard it in his ears but knew it was in his mind.

"Whaddya mean, Psychic?" Alex Asked, Intrigued.

"I mean you have the abillity to talk to people in their mind. You can hear things that other Psy's say to you in your mind. With time and training, you will be able to wield these powers as a weapon."

"But, but I never knew I had these powers! Are you sure?"

"Quite sure. You must have them, If Pikachu let you have a Psychic

Pokemon like me. You can't control a psychic pokemon unless you have Telepathic powers, wich you have among many other Psychic powers. I believe you may be able to learn them all within a few days. It will take you a few months, maybe even years, to master them."

Hey, so there you have it! Short and sweet, and gets the point over. Ash's Psychic, and his Mum's in the middle of the kitchen doing the Lombada. My episodes will be longer than this, I promise! But I'm just bring together a few ideas for my next Episode. Ash should end up with a nasty bite from a Raticate, but we shall see. Love ya'll my fans!
